About Me

My name is Sardorbek Makhmudov. I am 22 years old. I am a Python developer eager to start my career in backend development. With a solid understanding of Python, Django, and SQL, I am enthusiastic about learning and applying my skills to real-world projects. My goal as an intern is to grow professionally, contribute to team success, and gain hands-on experience in developing efficient and user-friendly systems.

Pet Projects

Ecommerce | Django & DRF, PostgreSQL, Docker, Celery, Redis, RabbitMQ   github

- E-commerce Online Store Website. Backend part.
- Features include a secure payment system.
- Discounts management, SMS gateway integration.
